DuraMAX® Full Synthetic Motor Oils are advanced formula 100% full synthetic multi-grade engine oils designed for vehicles operating under severe driving or extreme temperature conditions. They provide improved engine cleanliness, high temperature deposit protection, reduced oil consumption, and exceptional cold flow properties.

### BENEFITS

- Advanced wear, varnish and sludge protection
- Superior protection against thermal breakdown
- Outstanding resource conserving performance
- Excellent protection from deposits at all operating temperatures
- Excellent anti wear, anti foaming, anti rust and corrosion protection
- Excellent protection against accelerated oil consumption

DuraMAX® Full Synthetic dexos1™ Gen 2 Motor Oils provide unsurpassed protection, even in our lightest viscosities, and protects better than the thick oils of the past. DuraMAX® advanced oil chemistry actually improves oil properties through time, retaining viscosity, friction and anti-wear benefits, in spite of severe engine temperatures.

### BENEFITS

- Controls friction and wear more than 80% better than the latest API requirements
- Improved fuel economy
- Reduces fuel costs without sacrificing engine protection and performance. Also improves acceleration.
- Extended oil drain intervals. Engineered to handle the most extreme conditions.

## High Mileage Synthetic Blend

5W-20, 5W-30, 10W-30, 10W-40

**DuraMAX®**  
**QUICKCUBE**  
 AVAILABLE

DuraMAX® High Mileage Synthetic Blend Motor Oils are specially formulated for high mileage engines, especially those engines with over 75,000 miles. They are formulated to promote clean engines with excellent control of sludge and other engine deposits that form due to high engine temperatures and combustion exhaust.

### BENEFITS

- Reduces oil consumption and leaks
- Increases power output by maximizing compression
- Protects against thermal breakdown at high temperatures
- Minimizes deposit and sludge formation
- Formulated for easy cold starts
- Fights friction

DuraMAX® Synthetic Blend Motor Oils provide superb performance for today's gasoline powered cars, SUVs, light trucks and vans. DuraMAX Synthetic Blend Motor Oils are specifically formulated to reduce fuel consumption, promote clean engines and extend engine life. DuraMAX Motor Oils are completely compatible with mineral or other synthetic oils.

### BENEFITS

- Advanced additive detergency that fights deposit build up
- Enhanced wear protection in both low and high temperature climates
- Improved fuel efficiency
- Superior resistance to viscosity breakdown in severe environments
- Excellent sludge control
- Helps protect emission systems
- Excellent protection of critical turbo components

# GEAR OIL

## Full Synthetic

Packaging Size	6-Quart Case
75W-90 SKU	950677590LS1405
75W-140 SKU	950677514LS1405

DuraMAX® Synthetic Gear Lubricants are fully synthetic, multi-purpose gear oils for use in modern passenger vehicle gear lubricant applications. These Synthetic Gear Lubricants have low pour and channel points, properties which permit the products to flow readily to lubricated surfaces, including in sub-zero temperatures.

### BENEFITS

- Better operating performance and improved fuel mileage
- Enhanced friction reduction properties
- Extended drain intervals through the resistance to oxidation
- Increased gear life through extremely high film strength and superior low temperature
- Outstanding protection against low speed/high torque wear and high speed scoring

### Full Synthetic

75W-90, 75W-140

SDS	75W-90: 449   75W-140: 450
<b>Applications</b>	
Axles, manual transmissions and final drives requiring API Service GL-5 and MT-1	
Modern passenger vehicles	
Gear applications where lubricants meeting API Service GL-5, EP gear lubricants are recommended	

# Conventional

Packaging Size	6-Quart Case
80W-90 SKU	950658090LS1405

## Conventional

80W-90

DuraMAX® SAE 80W-90 Gear Oil is formulated to provide superior gear protection over a wide range of operating and ambient temperatures. It is formulated with premium extreme pressure additives, rust preventatives, and anti-foam additives to protect hypoid gears, manual transmissions, gear boxes, passenger car and light truck conventional and limited slip differentials, transmissions and steering gears.

### BENEFITS

- Superior protection against wear, especially under extreme pressure and high torque operation
- High resistance to thermal breakdown
- Helps prevent foaming, rust and corrosion
- Smooths and quiets operation
- Meets limited slip performance

SDS

011

#### Applications

DuraMAX® SAE 80W-90 Gear Oil is recommended for cars, trucks, off-highway vehicles, tractors, and other equipment where a SAE 80W-90 gear oil that meets API Service GL-5 and MT-1, SAE J2360, and/or Mack GO-J, GO-H and GO-G is specified.

The DuraMAX® brand now offers a point-of-sale site for ordering branded items such as Banners, Posters, Menu Boards & more!

**Multi-Purpose ATF**

DuraMAX® Multi-Purpose ATF is formulated to protect against wear and provide smooth shift performance. It provides excellent high and low temperature properties as well as excellent anti-shudder protection and outstanding resistance to oxidation, sludge, and varnish deposits.

**BENEFITS**

- Superior cold temperature performance characteristics
- Wide range of seal compatibility
- Excellent wear protection and oxidation resistance
- Fortified against rust and corrosion
- Meets requirements for foam protection
- Superior friction characteristics with excellent friction retention and smooth shifting

Designed for 2006 and newer vehicles, DuraMAX® Full Synthetic ATF is the latest generation technology for optimal automatic transmission fluid performance. Approved by General Motors, the Full Synthetic ATF is compatible with nearly all newer makes and models, automatic transaxles where a DEXRON®-VI is specified and most modern 6+ speed transmissions.

### BENEFITS

- DEXRON® VI License # J 60450
- Warranty coverage as an officially approved General Motors fluid
- Backward compatible with all previous General Motors DEXRON® recommendations
- Maximum equipment life with an advanced formula that protects against wear, corrosion, and the formation of lacquers, sludge or other harmful deposits

# Type F

Packaging Size	12-Quart Case
Type F ATF SKU	95039000F001401

## Type F ATF

DuraMAX® Type F ATF is formulated to protect against the challenging demands of automatic transmissions.

Designed to resist thickening and breakdown due to high temperatures, this fluid also provides excellent resistance against clutch slippage.

### DETAILS

- Engineered to extend transmission life and smooth operation of Ford automatic transmissions not requiring MERCON® or DEXRON® type fluid.
- Approved for all Ford automatic transmissions prior to 1977 and certain models for years 1977 through 1980.

DuraMAX® CVT (Continuously Variable Transmission) Fluid is specifically formulated for today's technologically sophisticated variable transmissions. It is formulated with premium synthetic base stocks, long-life friction modifiers, special anti-wear additives, and shear stable viscosity modifiers. DuraMAX CVT Fluids are recommended for use in most belt and chain-driven continuously variable transmissions and will not void new car warranties.

### BENEFITS

- Full synthetic fluid
- Excellent anti shudder durability
- Superior wet clutch performance
- Excellent anti wear performance
- Excellent metal to metal friction protection

DuraMAX® Low Silicate Formula Antifreeze and Coolant is an ethylene glycol based product which meets or exceeds ASTM requirements for use in cars, light duty and heavy duty trucks. It contains inhibitors to prevent rust and corrosion for all cooling system metals including aluminum.

### DETAILS

- A 50/50 mixture of DuraMAX Low Silicate Formula Antifreeze and Coolant and water provides freeze protection to -34°F and boil over protection to 265°F when a 15 lb pressure cap in good condition is used.

## Antifreeze (Green)

Concentrate, 50/50 Premix

SDS

Concentrate: 019 | 50/50 Premix: 021

### Application

When used as directed: This low silicate formula can be used to top off product in both automotive and heavy duty vehicles. It protects all metals including aluminum and will not harm rubber parts.

When used as directed, this antifreeze will provide full protection for a minimum of one year.

# All-Makes-All-Models Extended Life

Packaging Size	6-Gallon Case	Drum	Bulk
Concentrate SKUs	950820100AM0807	950820100AM0810	95040SATFMV0812
50/50 Premix SKUs	950825050AM0807	950825050AM0810	950825050AM0812

## AMAM Extended Life

Concentrate, 50/50 Premix

DuraMAX® Extended Life Antifreeze and Coolant is recommended, compatible, and formulated for use with any antifreeze/coolant in any make or model car or light duty truck with aluminum and other engine metals.

### DETAILS

- The freeze up protection of the minimum blend formula is 34°F, and the boil over protection is 265°F.
- The freeze up protection of the maximum blend formula is 84°F, and the boil over protection is 276°F.
- Corrosion protection meets or exceeds ASTM D3306 and ASTM D4985

SDS	Concentrate: 018   50/50 Premix: 020
-----	--------------------------------------

### Application

When used as directed: DuraMAX Extended Life Antifreeze and Coolant may be added to the antifreeze/coolant of any make or model of car or light duty truck on the road, foreign or domestic.

# Brake Cleaners

## High VOC Brake Cleaner

DuraMAX® offers non chlorinated ultra quick drying brake cleaner for use on brakes, C.V. joints and clutch parts.

- Removes grease, oil, brake fluid and other contaminants from disc and drum brake components instantly
- Cleans without disassembly
- Degreases instantly, leaves no residue
- Helps stop brake squealing and can improve braking performance

<b>SDS</b>	<b>013</b>
<b>Packaging Size</b>	<b>12oz Bottles (Case of 12)</b>
<b>SKU</b>	<b>95076NCBCHV1113</b>

- Removes grease, oil, brake fluid and other contaminants from disc and drum brake components
- Cleans without disassembly
- Helps stop brake squealing and can improve braking performance
- Leaves no residue

## Low VOC Brake Cleaner

DuraMAX® offers non chlorinated brake cleaner for use on brakes, C.V. joints and clutch parts.

<b>SDS</b>	<b>014</b>
<b>Packaging Size</b>	<b>15oz Bottles (Case of 12)</b>
<b>SKU</b>	<b>95076NCBCLV1116</b>

## Chlorinated Brake Cleaner

DuraMAX® Chlorinated Brake Cleaner is non flammable and can be used to clean any automotive electrical component.

- Removes grease, oil, brake fluid, & other contaminants
- Degreases instantly
- Parts Cleaner

<b>SDS</b>	<b>473</b>
<b>Packaging Size</b>	<b>19oz Bottles (Case of 12)</b>
<b>SKU</b>	<b>95076BCL4821113</b>

## Brake Fluids

### Super Heavy Duty Brake Fluid (DOT 3)

DuraMAX® Super Heavy Duty Brake Fluid meets Federal Motor Vehicle Safety Standard No. 571.116 and SAE J1703 and is recommended for anti lock braking systems.

- Formulated solely for use in motor vehicle braking systems.
- Made for use in all vehicles where DOT 3 MOTOR VEHICLE BRAKE FLUID is recommended by manufacturers.
- The wet boiling point is 284°F minimum; dry boiling point exceeds 450°F.

SDS	603	
Packaging Size	12-12oz Bottle Case	12-Quart Case
SKU	95076BRKFLD1113	95076BRKFLD1401

### DOT 4 Brake Fluid

DuraMAX® DOT 4 Brake Fluid meets Federal Motor Vehicle Safety Standard No. 571.116 and SAE J1704 and is compatible with conventional brake fluids.

- Formulated solely for use in motor vehicle braking systems.
- Made for use in all vehicles where DOT 4 MOTOR VEHICLE BRAKE FLUID is recommended by manufacturers.
- The wet boiling point is 311°F minimum; dry boiling point exceeds 446°F.

SDS #	474
Packaging Size	12-Quart Case
SKU	95076BF44630701

# Cleaners

## Carburetor Cleaner

DuraMAX® Carburetor Cleaner helps restore carburetor performance by removing gum, varnish, carbon deposits and dirt build up.

- Cleans and frees linkages, cables, actuators, fuel injection intake systems and PCV valves
- Safe for oxygen sensors and catalytic converters
- Not recommended for use on plastic parts or painted surfaces
- 50 state formula

Typical Properties	Typical Value
APPEARANCE/ODOR	Amber color, Petroleum odor
PHYSICAL STATE	Aerosol
VAPOR DENSITY	Heavier than air
PROPELLANT	Carbon Dioxide
AEROSOL FLAMMABILITY LEVEL	Extremely Flammable
PROPER SHIPPING NAME	Consumer Commodity ORM-D
VOC COMPLIANT FOR CA & OTC	100% in all U.S. States

<b>SDS</b>	<b>472</b>
<b>Packaging Size</b>	<b>15oz Bottles (Case of 12)</b>
<b>SKU</b>	<b>950760DM2211113</b>

- Preferred formula for use in direct injection (GDI), multi port (MPFI), and throttle body (TBI) injection systems
- Just one treatment can provide increased fuel economy, power and acceleration, improved idling, quicker starting and reduced emissions
- Helps clean harmful deposits and carbon from fuel system to restore performance
- For use in all grades of gasoline and ethanol blends
- Safe for catalytic converters and oxygen sensors

## Fuel Injector Cleaner

DuraMAX® Fuel Injector Cleaner is specifically formulated to clean harmful deposits & carbon from fuel systems.

Typical Properties	Typical Value
APPEARANCE/ODOR	Colorless liquid, Organic solvent
PHYSICAL STATE	Aerosol
FLASH POINT	270 °F
BOILING POINT	BT 133-289 °F
VAPOR DENSITY	<1.0
SOLUBILITY	Not soluble in water

<b>SDS</b>	<b>471</b>
<b>Packaging Size</b>	<b>12oz Bottles (Case of 12)</b>
<b>SKU</b>	<b>95076FC12121113</b>

# OTHER

## Fluids

- Protects and conditions power steering system
- Keeps seals pliable and efficient (will not harm seals)
- Extends power steering system life
- Protects against wear and corrosion
- Eliminates pump cavitations and slippage

### Power Steering Fluid

SDS	391, 393
Applications	
Recommended "top tier" power steering fluid for use in GM, Chrysler and Ford cars and trucks	
Suitable for use in Honda vehicles in normal driving conditions	
Suitable for use in European cars specifying "mineral oil" based fluids	

Packaging Size	12oz Bottles (Case of 12)	Quart Bottles (Case of 12)
SKU	95076PWSTFL1113	950763930001123

### Penetrating Lubricant

- Penetrating lubricant frees rusted and difficult to remove parts
- Displaces water, lubricates and protects metal parts
- Reduces friction and helps silence squeaks
- Silicone free formula suitable for body shop use

Packaging Size	11oz Bottles (Case of 12)
SKU	950760DM4511113

SDS	478	
Typical Properties	Typical Value	
APPEARANCE/ODOR	Colorless liquid, Petroleum distillate odor	
PHYSICAL STATE	Aerosol	
BOILING POINT	BT 220-440 °F	
VAPOR DENSITY	BT 4.5 - 6.2	
VAPOR PRESSURE	BT 0.4 - 5.0 mmHG	
SPECIFIC GRAVITY/DENSITY	BT	
AEROSOL FLAMMABILITY LEVEL	Extremely Flammable	
PROPER SHIPPING NAME	Consumer Commodity ORM D
